

*Dear Parent & Community Member,*

***All About Theatre*** has a scholarship program created exclusively to provide tuition assistance for students and families in financial need. The Scholarship Screening Committee considers each application individually and confidentially before making a determination. There are no restrictions in the selection of recipients. The number of eligible individuals and the scholarship grant amounts vary depending upon financial need and the availability of scholarship funds. The amount of each scholarship may range from a full discount to a percentage of the full tuition. All About Theatre considers the scholarships to be gifts and not loans.

Scholarship recipients will be held to the same standards of behavior and attendance as all participants. Violation of such can result in withdrawal of the scholarship. Another way ***All About Theatre*** helps defray the cost of participation is to offer automatic tuition discount to families enrolling more than one child in a production. Tuition is discounted by \$100 for the second child enrolled and \$200 for the third child enrolled.

To be considered for financial assistance apart from the ‘multiple child’ discounts, please complete and return the Scholarship Application form by the date stated on the form. Scholarships will be awarded at the beginning of the instructional period. Applications received after the published deadline will only be considered if scholarship funds are available.

Yours Sincerely,

Lindsey Chester

*Artistic Director*
